

CITY COUNCIL APPROVES PLAN QUEENS QUAY TORONTO

02-10-2009

Toronto City Council has overwhelmingly approved Waterfront Toronto's recommendation to transform Queens Quay into a grand lakefront boulevard by replacing two lanes of traffic on the south side of the street with a beautiful linear park.

Transforming Queens Quay by creating open public space along the south side of the street with a generous new pedestrian promenade and expanded Martin Goodman Trail is part of the winning design for revitalizing the central waterfront by West 8 + DTAH.
