

CONSTRUCTION WORKS TEA HOUSE LEIDSCHÉ RIJN PARK HAVE STARTED.

06-12-2010

This week construction works at the tea house of Leidsche Rijn Park in Utrecht (NL) have started.

The by West 8 designed tea house is located next to the re-excavated meander of the River Rhine and will enrich the park. It will form the ideal place for meetings and relaxing.

The architecture is inspired on a never built pavilion by Pierre Cuypers and will open its doors Spring 2011.
